

I offer a full Website design service including

- Website Planning & Design
- Website Hosting
- Domain Name Registration
- Email setup
- Training
- Updating and Redesigns of current websites
- Photography

All websites are designed with your needs in mind and I will ensure that you get the website you need. I pride myself on the service that I offer. I will not try to sell you add-ons that you do not need. See 'Portfolio' for some examples of my work.

Cost

Each website is designed according to the customers needs. An accurate no obligation quote will be given before work commences. A small site typically costs £300 - £350. Larger sites are quoted.
